

Reminders:

- For any national/state park or museum the photo should be of the entrance or building
  - The goal is to not require any money be spent on entrance fees
  - A display inside any of the museums mentioned on this list can be used for the "Something Cool" general bonus
    - Rally placard must still be in the photo
- Labeling your photos with the location code would be helpful but not required
- There are combo points available and listed at the end of this list
  - They are all or nothing
  - The points for the combo are in addition to the individual locations
- We are not trying to trick anybody with what is required in the photo, use your best judgment if something doesn't seem right
- If something isn't where I have it listed, find something nearby or in the spirit of the location (town signs, city halls, different giant bat, etc)
- Each location is worth **1 point**
- Any questions can be e-mailed to [glmcgrandtour@gmail.com](mailto:glmcgrandtour@gmail.com) or post at the GLMC Garage
